Subject: Proposed Agenda & Anticipated Attendee List for EPA-RMA Meeting 4/7
[Agenda RMA April 7 Meeting.docx](#)
[EPA Anticipated Attendee List and Directions_RMA April 7 Meeting.docx](#)

Good morning, Tracey:

We are looking forward to meeting with you and others from RMA on April 7 from 10:30am – 12pm. Attached please find a proposed Agenda for our meeting. You'll see that we have highlighted a few topics that are of interest to the EPA to help guide our discussion, and it is our hope that the individuals who will be in attendance from the RMA will be able to touch on those topics either during our meeting, or through follow-up activities. We are amenable to making revisions or additions to the proposed Agenda, so please let me know if you have any changes. Finally, I've also attached an updated list of expected invitees as well as directions to our meeting space. Thank you again, and we are looking forward to the meeting.

Sincerely,

Nicole Villamizar

Hi Tracey, thanks very much. Let's confirm for 10:30am -12pm on April 7th. We will forward you more information about the meeting, including a draft/proposed agenda, and directions to our Potomac Yard Office, within the next week or two at most. We'll also send you a list of topics that are of interest to the EPA to help guide our discussion.

Regarding your other requests, the EPA participants on our March 3 call were:

Jacqueline McQueen (Cross-Agency Coordinator for the Project)

Office of Science Policy

Office of Research and Development

Rita Chow, Chemical Engineer

Industrial Materials Reuse Branch

Resource Conservation and Sustainability Division

Office of Resource Conservation and Recovery

Ksenija Janjic, Environmental Protection Specialist

Industrial Materials Reuse Branch

Resource Conservation and Sustainability Division

Office of Resource Conservation and Recovery

Chris Carusiello, Environmental Engineer

Industrial Materials Reuse Branch

Resource Conservation and Sustainability Division

Office of Resource Conservation and Recovery

Nicole Villamizar, Environmental Protection Specialist

Industrial Materials Reuse Branch

Resource Conservation and Sustainability
Division

Office of Resource Conservation and
Recovery

The **tentative** list of EPA participants for the April 7 meeting:

Richard Huggins, Senior Special Assistant

Office of Resource Conservation and Recovery

Fred Hauchman, Director

Office of Science Policy

Office of Research and Development

Cheryl Coleman, Division Director

Resource Conservation and Sustainability
Division

Office of Resource Conservation and Recovery

**Charlotte Mooney, Associate Division
Director**

Resource Conservation and Sustainability
Division

Office of Resource Conservation and
Recovery

**Kent Thomas (Lead Researcher for the
Project)**

National Exposure Research Laboratory

Office of Research and Development;

Jacqueline McQueen

Office of Science Policy

Office of Research and Development

**Nicole Villamizar, Environmental Protection
Specialist**

Industrial Materials Reuse Branch

**Ksenija Janjic, Environmental Protection
Specialist**

Hi Nicole,

We are available 10-12 on the 7th of April.

Please me the details for the meeting location etc. We would like to share a presentation, so it would be great if the room has a screen. We can bring our own projector if need be.

Could you also provide me with a list of names/titles/offices of everyone who participated in our recent call and also who will be attending the April 7th meeting?

Thanks so much. We look forward to meeting with you.

Tracey Norberg

Senior Vice President & General Counsel

Rubber Manufacturers Association

Subject: EPA crumb rubber study

Hi Tracey,

I am emailing from the EPA's Office of Resource Conservation and Recovery to follow up on your communication with Nicole Villamizar around the federal research of the recycled crumb rubber used in playing fields. As left off with Nicole, I wanted to check if RMA would be available for a 1.5 hour meeting on April 7, between 10:00 AM and 12:00 PM, or between 1:00 and 3:00 PM.

The purpose of the meeting between the EPA and RMA would be to share information relevant to the federal research as outlined in the Federal Action Plan, such as the tire composition and how tires are manufactured. We will also be open to answering any questions RMA has regarding the Federal Action Plan, and for preparation on our end, would welcome your feedback as to what those questions may be.

Looking forward to meeting with you!

Thank you and all the best,

Ksenija Janjic

Hi Nicole,

Thanks so much for the email. We would appreciate the opportunity to meet with you in

the timeframe you mention. Would the first week in April work on your end? We are available April 4 or April 7. Please let me know.

As for touching base by phone next week, my schedule is completely clear on Tuesday. Would sometime Tuesday fit with your schedule?

Thanks and have a great weekend!

Best regards,

Tracey
